We are a group of friends that decided to open a website where our fans will be able to get the newest games for Macintosh devices. Similarly, like in its predecessor games (which were released in 2000, 2004 and 2009), players are tasked to create their own Sim character, customize its appearance, micromanage their daily activities, interact with AI Sim characters, explore different personalities, help them tackle life's biggest joys and obstacles, and get immersed in almost complete control over their digital life. Latest Version: The Sims 4 LATEST Requirements: macOS 10.12 Sierra or later Author / Product: Electronic Arts Inc.
